RESPONSE PURSUANT TO 37 C.F.R. §1.111

Sir:

This Response is submitted in response to the Office Action dated September 23, 2004. Claims 1-12 are pending in the application. None of the claims have been amended in this response.

Oath/Declaration

The Office Action stated that a supplemental oath or declaration is required under 37 C.F.R. §1.67 because the application presents claims for “subject matter not originally claimed or embraced in the statement of the invention.” Specifically, it was submitted that the “method for charging for advertising on the web” and “the method for measuring the effectiveness of advertising” was not claimed in the parent application.

Applicants submit that the present claims are in compliance with 37 C.F.R. §1.63, and further do not require a supplemental oath or declaration pursuant to 37 C.F.R. §1.67. Specifically, 37 C.F.R. §1.67 requires a supplemental oath or declaration when a claim is presented for matter originally shown or described, but not substantially embraced in the claims originally presented. In other words, the requirements of 37 C.F.R. §1.67 does not require that every claim element be present in the originally filed claims – it is only referring to the subject matter that is claimed.
